

Jugs and Mugs

Wedding in Bunny's Family

There is a wedding in Bunny's family, a family of rabbits. Many guests are invited — deer, monkeys, elephants, cats, dogs, mice, foxes, camels, mongoose etc. A special drink is served to all the guests — one glass each. Everyone finds the drink very tasty but some small guests like Mice Mongoose cannot finish a full glass. But Cats is able to finish his glass.

Some others like Deer, Dogs, Monkeys ask for more than one glass.

Now the trouble begins !!!

There are some big guests who go on gulping down glass after glass...!

Bunny wants to guess who drank how much.

Help him fill the table. Have fun! 

Drank how much	Name of guest
Less than 1 glass	<u>Mice</u> , <u>Mongoose</u>
Between 1-5 glasses	<u>Cats</u> , <u>Foxes</u>
Between 5-10 glasses	<u>Deer</u> , <u>Dogs</u>
More than 10 glasses	<u>Camels</u> , <u>Elephants</u>

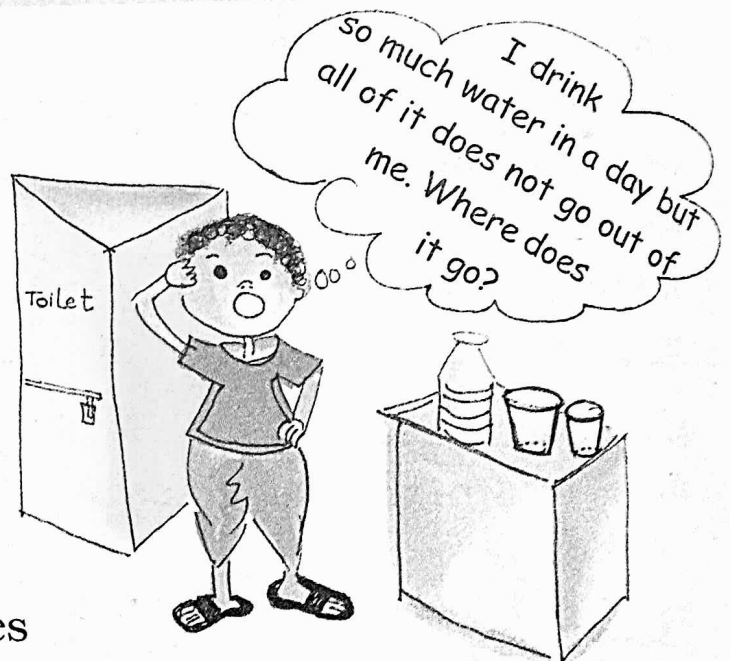

Water In, Water Out?

Have you ever thought like Laddu?

About how many glasses of water do you drink in a day?

Summer day : 6 glasses

Winter day : 4 glasses

Can you guess how much water goes out of you?
