### Reading is fun

Page - 24

1. Name the tree that the acorn grows into.

Ans. The acorn grows into an oak tree.

2. What things does a seed need to grow?

Ans. A seed needs, air, water and soil to grow.

3. How many describing words can you find in this poem?

Ans. Following are the describing words in the poem.

little, mossy, deep, thread-like, tiny, wide, slender and mighty.

Now look at Picture 2. Write three sentences on how we harm the trees.

- \* We use the wood of the trees for burning and other needs.
- \* We damage the nests on the trees and force birds to fly away from their homes.
- \* We use the stems of the trees to make furniture.

These words describe parts of a tree. Write them in the given space.

- \* **stem** :- It assists the tree in standing straight.
- \* **bark** :- It is the outer layer of the tree.
- \* **leaves** :- leaves prepare food for the tree.
- \* **branch** :- The branches of the tree bear leaves, fruits and flowers.
- \* **twigs** :- Twigs are the little shoots that grow from a stem or a branch of the tree.
- \* **root** :- It is the part from where the tree begins to grow. This part grows inside the earth.
- \* **shoot** :- It is the new growth from the seed germination.

look at the two pictures. Find four things that are different about these trees and talk about them.

Picture 1

I give you all this

Picture 2

what do you give me?

### let's write

look at the picture 1. write three sentences on what the trees give us.

- \* The trees give us fresh air to breathe.
- \* They provide us fresh fruits and vegetables.
- \* They also give us nutrition which are used in making medicines.

Match the opposites. One has been done for you.
