(Q13) How does a coach teach? How does a coach make a player practice? How hard do you think the players have to work?

Ans:- A coach teaches the tricks of a game to the players. He teaches the game methodically. Players also have to work very hard. They have to get up early in the morning and do practice for long hours.

(Q14) Have you ever thought of making a club for your favourite game?

Ans:- I am thinking of making a club for football.

(Q15) Imagine that there are 15 children to play Kho-Kho. They must form two teams with equal numbers (7 each). Then one player will be left. What will you do if this happens? Have you ever become the 'extra person' in the middle? Write about this.

Ans:- I will make two teams consisting of seven players each and the remaining one player will be referred. I was once an 'extra person' in a football match.

(Q16) Every game has some rules. The game is played according to these rules. Let us see what happens if rules are changed. For example - In cricket, a batsman gets 'out', if the balls fall off the stumps. Imagine if there is a rule that the entire team will be 'out', if all the three stumps fall. Would it be fun!

Ans:- New rules are always made. Playing cricket with new rules may be extra fun to both the players and the audience.
