Ans. Sunu-sunu was a snail.

(2). Who was Sunu-sunu visiting?

Ans. Sunu-sunu was visiting his friends, the ants.

(3). Where were the ants hiding?

Ans. The ants were hiding under a flower pot.

(4). Did Sunu-sunu get wet?

Ans. No, Sunu-sunu didn't get wet.

Let's talk

► Do you go for morning walks?

Ans. Yes, I go for morning walks.

or, No, I do not go for morning walks.

► Have you ever seen ants in the garden?

Ans. Yes, I have seen ants in the garden.

They move really fast.

► Watch and see where they go and what they carry to their holes.

Ans. They start from the main gate of the garden towards a small hole at the end of the park. They carry tiny left out grain particles and move towards their holes.

Team Time

Do you know why you see snails and earthworms after it rains?

Ans. Snails and earthworms live deep under the surface of the earth. So, whenever it rains, their house gets wet. It is because of which they have to come over the surface, on the ground to find place to live and food to eat.
