Answer these following questions:-

Q. Why did the crow need a pot?

Ans:→ The crow needed the pot to fill water in it so that it could wash its beak.

Q. Who all helped the crow to make the pot?

Ans:→ The blacksmith gave the crow a trowel with which it obtained clay from the clay-pit. The potter used the clay to make a pot for the crow.

Q. What things did the potter need?

Ans:→ The potter needed clay for making the pot.

Q. Are there utensils made of clay in your house? Which are these?

Ans:→ Yes, there are utensils made of clay in our house. These are bowls, small cups and pot.

Q. What will happen if you store water in these pots overnight?

Ans:→ The water will become cool if stored in these pots overnight.

Q. We often keep water in a clay pot at home or in the school. Why do these pots not get spoilt by water?

Ans:→ These pots are not spoilt by water because they are baked in the sun or fire. This makes them strong.

Q. Long, long ago, when people did not have any pots, what did those people do?

Ans:→ People could not store food, water, milk etc, as there were no pots.

Q. Why would people have made pots?

Ans:→ Pots were made to store items like water and milk. They were used to keep the contents cool during summers.

Q. Imagine - one day all the pots disappear from the world. What will happen in your house?

Ans:→ Pots help us doing our work conveniently. We eat in a pot, store everything in pots, carry everything in pots etc. If pots disappear, our life will be in trouble.
