TOMMY

Q Have you seen any animal that looks like dinosaur? Do you know its name?

Ans:- Yes, I have seen a lizard and it looks a little like a dinosaur.

Q Look at this animal. Write its name. Do you know that this is our national animal?

Ans:- Its name is Tiger and I know that it is our National Animal.

Q Where does it live?

Ans:- They live in forests, grasslands etc.

Q The numbers of this animal are going down in India. Discuss why this could be happening?

Ans:- The number of tigers are going down in India because of several causes like

(a) They are hunted for their bones and skin.

(b) People are cutting down the forests. So the tigers have no place left to live.
