Q. Read the passage below. Parse the underlined words and write them in the correct column.

Heidi was excited about going to stay with her grandfather. She was curious to learn more about her new ~~house~~ home. As soon as she reached his house, she wanted to see the house, its various corners, and where she was going to sleep. She worked with her grandfather enthusiastically to set up her bed and ~~also~~ went with him to the carpenter to get a chair built for her. Thus, she was slowly making the home as her own and leaving her stamp on it. She was so happy to be living there that she danced in the evening. She loved playing with her grandfather's goats and was eager to sleep in her new bed.
