

Class-VII

Poem - Mystery of the

(1)

Subject - English

Talking Fan

Honeycomb

Revision

Q1. What type of fan has been described in the poem?

Ans. A noisy electric fan has been described in the poem.

Q2. Why does the poet call the sound of the fan an electrical chatter?

Ans. The poet calls it an electrical chatter because the fan is an electrical one.

Q3. What was the problem with the fan?

Ans. The motor of the fan required oiling, so it started making noise.

Q4. How did it stop talking?

Ans. Someone oiled its motor and the sound stopped. The fan started working without making any noise.
