Class VIII D

It so happened

Chapter - 4

The treasure within question & Answer

Q4) How did he help the fellow students who had lost a button?

Ans: He helped the fellow students who had lost a button by making a button by cutting a chalk, by a blade. Discipline in the school was very important. So no student could get their dinner, without full neat uniform.

Q5) Which rules did he break as a school boy?

Ans: As a school boy, he broke the rules by playing funny pranks on the students. And one day he created a distraction in the class. He played whole one hour 'Chor police'.

Q6i) What is Hafeez Contractor's definition of mathematics?

Ans: Hafeez Contractor's definition of mathematics is putting design, construction, psychology and sociology together and making a sketch from all that is 'mathematics'.

ii) How would you define mathematics? Do you like the subject?

Ans: We can define mathematics as an essential thing in our life. Without it, we cannot calculate anything in life. We have the need in our day to day life, In buying anything or doing any business.

Yes, I like the subject because through it we can make our life beneficial. Nobody can cheat us.
